

WILD ABOUT BURNABY LAKE

Sunday, June 10, 2018 – 12:00 to 4:00 PM - Burnaby Lake Rowing Pavilion - 6871 Roberts Street, Burnaby

EXHIBITOR INFORMATION

Organization: Bird Studies Canada **Website: www.** Birdscanada.org
Contact Name: Karen Devitt **Facebook.com/** birdscanada
Email: kdevitt@birdscanada.org **Twitter:** @ BSC_BC
Instagram: @

Our display will have a guessing game with nests of local birds along with other information about birds.

Presentation:

My presentation will focus on the status of Canada's birds and the top 6 ways we can help birds

Organization: Catching the Spirit **Website: www.** Catchingthespirit.com
Contact Name: Fiona MacBain **Facebook.com/** Catching the Spirit
Email: info@catchingthespirit.com **Twitter:** @ CTSPProgram
Instagram: @ catchingthespirit

Display will consist of environmental jeopardy, where individuals can try to answer environmental questions to receive a prize. The prize will be a pea or bean plant for them to grow at home.

CTS will promote their program, hand out brochures and provide information to spread awareness of youth leadership and environmental stewardship.

Organization: Eagle Creek Streamkeepers Society **Website: www.** _____
Contact Name: Nick Kvenich **Facebook.com/** Eagle Creek Streamkeepers
Email: nkvenich@telus.net **Twitter:** @ _____
Instagram: @ _____

Maps on Eagle Creek from various historical time frames. We will have general brochures on Salmon Enhancement, and the map of Burnaby Streams

Organization: Environmental Youth Alliance **Website: www.** eya.ca
Contact Name: _____ **Facebook.com/** [EnvironmentalYouthAlliance/](https://www.facebook.com/EnvironmentalYouthAlliance/)
Email: _____ **Twitter:** @ [EnviroYA](https://twitter.com/EnviroYA)

WILD ABOUT BURNABY LAKE

Sunday, June 10, 2018 – 12:00 to 4:00 PM - Burnaby Lake Rowing Pavilion - 6871 Roberts Street, Burnaby

Organization: Metro Vancouver **Website: www.**

Contact Name: Johanna Moretto **Facebook.com/**

Email: Johanna.moretto@metrovancover.org **Twitter:** @

Event Day mobile: **Instagram:** @

Wastewater is an abundant source of nutrients, energy and water that can be recovered and reused. Once wastewater is treated to eliminate harmful bacteria and reduce odours, the solids (known as biosolids), can be used as a slow release alternative to chemical fertilizer. Biosolids are high in organic matter and plant essential nutrients, and a key ingredient in Nutrifor Landscaping Soil.

Nutrifor Landscaping Soil has been used to plant native species to create wildlife habitat and restore lands throughout Metro Vancouver.

*People that visit the booth can take a native plant home that has been planted in Nutrifor Landscaping Soil. The chosen plant is hardhack (*Spiraea douglasii*).

Also displayed will be a bucket of Nutrifor Landscaping Soil and a glass jar of biosolids.

Organization: North Shore Black Bear Society **Website: www.** Northshorebears.com

Contact Name: Luci Cadman **Facebook.com/** northshoreblackbearsociety

Email: lucicadman@gmail.com **Twitter:** @

Instagram: @ northshoreblackbearsociety

We will have bookmarks & leaflets. We will have bear tattoos, bear attractants drawing game, a 'What to do if you meet a bear' word game.

Organization: BCCF: Northern Spotted Owl Breeding Program **Website: www.** Nsobreedingprogram.com

Contact Name: Jasmine McCulligh **Facebook.com/** nsobreedingprogram

Email: nsobreedingprogram@gmail.com **Twitter:** @ nsobreeding

Instagram: @ nsobreeding

The NSO Breeding Program display will have feathers, eggs, and pellets from the residents at the breeding facility as well as a nest that was formerly used by one of the owls. We will also have our glove trained Barred Owl on site so people can learn about the differences between Spotted Owls and Barred Owls

Presentation:

Will bring own PC laptop, but needs a screen, projector, and HDMI cable

A closer look at the work that the Northern Spotted Owl Breeding Program is doing to help restore the population of Spotted Owls in BC through captive breeding and release into protected habitat, including photos and videos of breeding season activities, egg incubation, and hand-rearing of chicks.

WILD ABOUT BURNABY LAKE

Sunday, June 10, 2018 – 12:00 to 4:00 PM - Burnaby Lake Rowing Pavilion - 6871 Roberts Street, Burnaby

Organization: Northwest Wildlife Preservation Society **Website: www.** www.northwestwildlife.com
Contact Name: Darren Colello **Facebook.com/** /northwestwildlifepreservationsociety/
Email: info@northwestwildlife.com **Twitter:** @ nwpsHQ
Instagram: @ Instagram.com/northwestwildlife

Our interactive wildlife education display will highlight our society's work throughout BC, as well as discuss the incredible biodiversity of species within our province, their adaptations, biology, behaviours and much more!

Organization: Pacific Parklands Foundation **Website: www.** Pacificparklands.com
Contact Name: Joe Hargitt **Facebook.com/** PacificParklandsFoundation
Email: info@pacificparklands.com **Twitter:** @ PacificParkland
Instagram: @ pacificparklandsfoundation

Brochures, bookmarks, other outreach materials informing people on the Foundation and how their donations can make a difference in regional parks.

Organization: South Coast Conservation Program **Website: www.** sccp.ca
Contact Name: Tamsin Baker **Facebook.com/** SCCPSpeciesAtRisk/
Email: tamsin@sccp.ca **Twitter:** @ n/a

Through pictures, handouts and games, learn about how to identify local critters and about the many species at risk in and around the Lower Mainland.

Organization: Stanley Park Ecology Society **Website: www.** Stanleyparkecology.ca
Contact Name: Greg Hart **Facebook.com/** StanleyPkEcoSoc or SPESCoyotes
Email: urbanwildlife@stanleyparkecology.ca **Twitter:** @ StanleyPkEcoSoc
Instagram: @ stanleyparkecology

Coyote pelt, skull, tracks, and tips to co-exist

Presentation:

Urban Coyotes life cycle and how to co-exist with them

WILD ABOUT BURNABY LAKE

Sunday, June 10, 2018 – 12:00 to 4:00 PM - Burnaby Lake Rowing Pavilion - 6871 Roberts Street, Burnaby

Organization: <u>Stoney Creek Environment Committee</u>	Website: www. <u>scec.ca</u>
Contact Name: <u>John Templeton</u>	Facebook.com/ <u>myscec</u>
Email: <u>johnrt@telus.net</u>	Twitter: @ <u>—</u>
	Instagram: @ <u>—</u>

Information on the SCEC ; where Stoney Creek is located, and information about the activities undertaken by volunteers, i.e. invasive plant removal, planting of native plants, birds and wildlife in the area, fish species to be found in Stoney Creek, etc.

Presentation:

The Stoney Creek watershed and the work of SCEC for the benefit of the local community

Organization: <u>Wildlife Rescue Association of BC</u>	Website: www. <u>Wildliferescue.ca</u>
Contact Name: <u>Linda Bakker</u>	Facebook.com/ <u>wildliferescue</u>
Email: <u>linda@wildliferescue.ca</u>	Twitter: @ <u>wraofbc</u>
	Instagram: @ <u>wildliferescuebc</u>

What to do if you find an injured bird

What to do if you find a baby bird

What can you do to coexist with urban wildlife

Kids can make a wildlife puzzle or decorate a window decal to prevent birds striking windows

Beaver pelt and taxidermy goose on display

Email: <u>info@wildresearch.ca</u>	Twitter: @ <u>Wildresearch</u>
	Instagram: @ <u>wildresearch</u>

We will be showcasing some of our promotional material with descriptions of our programs and how volunteers can get involved. Examples of our display material include: birds and butterflies display, banner, colouring pages for kids, stickers and magnets, WildResearch merchandise (t-shirts and long-sleeved shirts), field ID guides

WILD ABOUT BURNABY LAKE

Sunday, June 10, 2018 – 12:00 to 4:00 PM - Burnaby Lake Rowing Pavilion - 6871 Roberts Street, Burnaby

EVENT HOSTS

Organization: Metro Vancouver Regional Parks **Website: www.** Metrovancouver.org
Contact Name: Lisa Ferris **Facebook.com/** MetroVancouverRegionalParks/
Email: Lisa.Ferris@metrovancover.org **Twitter:** @ https://twitter.com/metrovancouver
Instagram: @ N/A

Burnaby Lake is one of Metro Vancouver's 32 Regional Parks, Greenways, Park Reserves and Ecological Conservancy Areas that protect diverse ecosystems across the Lower Mainland. Regional Parks provide residents opportunities to connect with nature through stewardship activities, programs, events and volunteer opportunities. Learn about some of the plants and animals that call Burnaby Lake Regional Park home through interactive games and activities.

Organization: City of Burnaby Planning Department **Website: www.** Burnaby.ca
Contact Name: Mark Sloat **Facebook.com/** CityofBurnaby
Email: Mark.Sloat@burnaby.ca **Twitter:** @ CityofBurnaby
Instagram: @ cityofburnaby/

Redevelopment of land in Burnaby presents an opportunity to enhance and restore ecosystems. At our display, people will learn about ecological restoration and recent examples of such projects undertaken in the City as a condition of redevelopment. Restoring ecosystems is not only good for plants and animals, it is also a community amenity and makes our community more livable.

Organization: Burnaby Lake Park Association **Website: www.** BurnabyLakePark
Contact Name: Irene Lau **Facebook.com/** BurnabyLakePark
Email: BLPAirene@gmail.com **Twitter:** @ BurnabyLakePark
Instagram: @ BurnabyLakePark

The Burnaby Lake Park Association (BLPA) is non-profit organization led by a volunteer board of directors who are guided by our core values of caring for the environment, community collaboration and action, and communication and education. Our display will highlight some of our programs: nest box monitoring, Weedbuster work parties to remove invasive species – including one you can join today! – and provide information about the wildlife and birds you can find in Burnaby Lake Regional Park as well as a display of nests.

EVENT FOOD

Organization: Burnaby Firefighters Charitable Foundation **Website: www.** www.burnabyfirefighters.com/
Contact Name: Scott Alleyn **Facebook.com/** IAFF323/
Email: scottalleyn375@gmail.com **Twitter:** @ @IAFF323

The Burnaby Firefighters Charitable Society represents Burnaby Firefighters in their mission to raise money for community groups and non-profit organizations. Our ongoing dedication to help our community is reflected in the kind of work we do: firefighters are prepared to put our lives on the line to protect the community. We know that protecting a community is about more than handling emergencies – it's about helping people in our community every day. We know we can make a difference.
